WHO WE ARE

Scenic Bluffs Community Health Centers is a non-profit, community-based healthcare provider in western Wisconsin. As a Community Health Center, we not only provide healthcare within our doors, but also focus on reducing health barriers throughout the communities we serve.

WHAT IS A COMMUNITY HEALTH CENTER?

Health centers are community-based and patient-directed organizations that deliver comprehensive, culturally competent, high-quality primary health care services to individuals and families. Health centers integrate access to primary health services in areas where economic, geographic, or cultural barriers limit access to affordable healthcare.
